

COVID-19 DASHBOARD AND STAY HOME TRACKER

TAKUJI OKUBO

DASHBOARD / STAY HOME TRACKER

- Flatten the curve
- Dashboard
 - Presents Coronavirus statistics in a graph format in order to show the curve.
- Stay Home Tracker
 - Record number of hours staying outside.
 - Motivates people to stay at home.

#stayhome

FUTURE DEVELOPMENT

- Google Map
- Importing walking or running record automatically.
 - Google Map does not allow exporting data.
 - Integration with Fitbit. Unique use case as it records inactivity.
- Social Media
 - Add “Follow other users”. Show other users “Activity” (“Inactivity?”) in Feed.
 - Add “Like” button.
 - Show “Ranking”
 - Motivates people to stay at home.
