Extra Features

1. Get number of steps and distance from Fitbit.

(Challenges: Unsure how to authenticate and get data from fitbit API.)

If fitbit does not work, consider using browser geoLocation.

2. Add social feature to feed

- Add list of all users
- Add follow button in all user list.
- Add status of follow users in the feed.
- Add "Like" button in the Feed and Ranking pages.
- Add Ranking page

3. User's profile page
